

RUSSIA'S YOUTH
IS ATHEISTIC

MOSCOW, March 8.—Christmas day on the Russian calendar, January 7, the day on which this year the young communists all over Russia staged grotesque anti-religious demonstrations, is to be entered on the official records as a permanent holiday under the name of "The Day of the Deposing of the Gods." In addition to the great procession of communist students in Moscow on January 7, reports from the provinces indicate that in virtually every city and village of Russia these atheist youths held mock celebrations in the churches.

The government, which in some ways oppressed the churches from the very beginning of the Bolshevik revolution, did not, however, take any steps to close churches until this year. In Moscow several of the smaller street chapels before which the faithful were accustomed to bow and cross themselves for many centuries, are now to be closed. It is announced. Workmen at the town of Erilansk have just passed a resolution to deport all of the local clergymen, and the official press, particularly the smaller papers intended for the workmen now contain daily attacks on religion in general. One of them has inaugurated a campaign against baptisms.

Most of the young communists who are directing the anti-religious campaign declare they are sincere atheists, even though most of them have as parents persons who cross themselves before every shrine, and who even now consider their children as anti-christ, surely bound for hell and damnation.

An amusing story is told in Moscow of one of these youths who, to absolve himself of the sins of having scoffed at God during the celebration, went to church the next day, confessed his sin, and accepted a heavy penance.

LOGAN, Ohio, March 8.—Another "meanest thief" has appeared at Gibsonville, a little village near here. The fellow stole the collection of pennies and other small coins taken up at a Sunday School session.

LONDON, March 8.—It's been a wet winter in London. Weather Bureau reports show that during the first twelve days in February ten million tons of rain fell upon London alone.

Mother-Love as a Defense Plea

BY ROY GIBBONS
(Special to The Bee)

CHICAGO, March 9.—Mother-love—that universal emotion which prompts even the jungle beast to put her bare claws against the steel-jacketed bullets of the hunter—will be dissected and analyzed in a Chicago court this month.

A judge will be called on to fix the legal status of the emotion—to determine whether it is a legitimate defense for one accused of crime. All this will take place at the trial of Mrs. Catherine Saunders, 21, war widow and mother, charged with the theft of \$750 from Chicago department stores through opening fraudulent charge accounts.

Mrs. Saunders admits the theft. She says she took the money to pay for an operation necessary to save the life of her baby, ill in a Los Angeles hospital. The baby now is dead.

Her Own Story.

That will be Mrs. Saunders' defense at her trial. Meanwhile I have secured her story from her own lips. She told me how, a bride at 16, she had urged her young husband to join the colors in the World War, how he had done so and died a hero's death in action, how she and her baby then were left alone in the world.

For a time she got along by acting as a model. Then the baby fell ill, was placed in a hospital. Mrs. Saunders came to Chicago in search of work.

"I wanted to get away from the old scenes. They reminded me of my husband," she told me.

"I only had him for a little while you know. But—And here her voice faltered, and she burst into a fit of weeping.

"Oh God! Why must all this sorrow be. The hospital kept sending me bills for the baby's care. They said an operation was necessary."

Money for Babe.

"I cared nothing for myself. Money she had to have. Money I got. But it did no good. My baby died. I have just learned that."

"Tell them to do whatever they're going to do. I don't care. I confessed to the judge. There's nothing much that can hurt me any more."

"I'm through hurting here," she said, pointing to her heart.

"After he died I thought I would too. But the baby still was left. She

MRS CATHERINE SAUNDERS.

was something to remind me of him. "I used to pose for artists long hours every day. I earned enough most of the time to keep us in food. Sometimes I didn't, though. There was no more work to be had. So I came East. "I'd get myself a good job there and send for the baby later. I

thought. But before I could even get located she became ill. I've told you everything else that's happened. "I'd do it over again if I had to! Any mother would!"

"It matters little what they do with me now," she says. "True I took the things they accuse me of. But not for myself. I turned everything into money and sent it to the hospital."

She Doesn't Care.

"I don't care what they do with me. My heart is dead—gone. All that was in it has been taken away." And having said that, the tired eyes which had been gazing seemingly into space all during the time she had been talking, filled with tears.

One rolled down her cheek and fell upon a picture held in her hand. It was her baby's picture.

The Astors Hosts
To King and Queen
At London Home

(By The Associated Press)

LONDON, Mar. 8.—The King and Queen for the first time in their lives broke bread with the labor members of Parliament tonight in the home of one of their subjects. The occasion was a dinner given by Viscount and Lady Astor, at which their majesties met among others James Henry Thomas, General Secretary of the National Union of Railway Men, John Robert Clynes, president of the National Union of General Workers and former labor leader in the House, Philip Snowden and the wives.

Labor came in silken knee breeches which was poetically described as a concession and there also were present those who wear the chequered garter, Balfour, Salisbury and Grey of Fallodon.

The affair, unique in British social history, was arranged as much to permit the King and Queen to meet in social intercourse with the Laborites as to allow the Laborites to come in to social contact with their rulers. It was said that the King had made known his desire to meet the leaders of the Labor Party in such a manner.

Lady Astor, whose campaign for political honors was characterized by much banter, greeted the Laborites when they appeared in knee breeches, with joking remarks. She whispered "pull up your stockings" in the ear of Mr. Thomas and even inquired of the Canadian High Commissioner, Mr. Larken, if his stockings were on straight.

The American Ambassador escaped remarks on his black knickerbockers, because he had recently appeared in them and has become a familiar figure in the customary court dress.

Before the arrival of the King and Queen Lady Astor was heard jokingly telling the Laborites how to receive his majesty, addressing them to say "yes sir" and "no sir" or "yes your majesty" or "no your majesty."

Viscount Astor escorted the Queen to the banquet hall while Lady Astor entered on the arm of the King. Once she looked back and urged her guests to hurry, for the Labor members were apparently expecting that the usual precedence by rank would be in order, while the others, of the nobility, seemed anxious to hold back.

The guests sat at two large round tables amid the fragrance of pink tulips and other blossoms. The din-

ers included, in addition to those mentioned, Premier Bonar Law, The Marquis and Marchioness of Salisbury, the Speaker and Mrs. Whitley, Lady Frances Balfour, Lord and Lady Bunsford, Lady Grey of Fallodon, Lord Robert Cecil, Lord and Lady Illington, Dame Lytton, Mrs. Lloyd George, Sir John and Lady Simon, the Lord Mayor and others in Plymouth, Colonel and Mrs. Spender-Clay and Mrs. Margaret Wintringham, M. P.

LEADER OF GANG
OF BUNCOMEN IS
HELD IN JAIL

(By The Associated Press)

ATLANTA, Ga., Mar. 8.—A. R. Thompson, alias A. R. Turner, an alleged member of Atlanta's bunco gang, has been arrested with twelve others in Los Angeles, according to information given out by authorities here today. Certified copies of the indictment against Thompson have been forwarded to the California authorities with the request that he be held under bond of at least \$25,000. Thompson, local authorities said,

has amassed an immense fortune through bunco deals. He is the owner of an estate near Asheville, N. C., valued at \$100,000. He is said to be a native of Spartanburg, S. C. Local officers say at Asheville, he met and married a daughter of Carter Harrison, former mayor of Chicago.

REFUTE LOWER
RATE CHARGES

(By The Associated Press)

ATLANTA, March 8.—An attempt on the part of carriers to refute the allegations of shippers that rates from eastern cities to the South should be 15 to 20 cents lower than at present was the important angle of today's session of the Interstate Commerce Commission here.

N. B. Wright, freight traffic manager of the Central of Georgia Railway, in testifying declared that an adjustment of rates according to pro-

posals of shippers would result in ruinous competition being set up with the lines handling through rail traffic from eastern cities to the South. Shippers charge that the railroads have dominated the rate situation, both water and rail, so that the South has not been properly benefited by combination water and rail rates from South Atlantic ports to points inland. The present rate system, according to the shipper's allegations from eastern cities to the south works a disadvantage in that rates by water and rail have been dominated and kept up to a figure to enable the all rail line rate to compete with them.

Mr. Wright will continue testifying tomorrow. The hearing is expected to last through Thursday of next week.

EDISON TRIP DELAYED

(By The Associated Press)

WEST ORANGE, N. J., Mar. 8.—After delaying his departure for several days because of illness, Thomas A. Edison left tonight for his winter home at Fort Myers, Fla., where he said, he would "wait for Henry." He meant Henry Ford, his vacation time friend, whose winter home at John Edison's, Mr. Ford is expected to arrive at Fort Myers within a few days. Mrs. Edison accompanied her husband.

KELLOGG'S BRAN
will free you from
Constipation
because it is ALL BRAN!

When health demands bran, get Kellogg's because it is ALL BRAN! It is scientifically prepared so as to give you relief that is possible of no other food. Fight constipation to the last ditch and fight it with Kellogg's Bran! Foods with a low bran content can never give constipation sufferers permanent relief!

Every delicious spoonful of Kellogg's Bran you eat—as a cereal, sprinkled on hot or cold cereals or cooked with hot cereals—helps rid your system of constipation! It helps free you from dangerous toxic poisons which lead you to Bright's disease, diabetes, headaches, rheumatism, dulled brains, bad breath, pimples, etc.

Kellogg's Bran assures permanent relief if it is eaten regularly—at least two tablespoons each day; as much with each meal in chronic

cases. Bran sweeps the bowel tract, cleansing and purifying in a natural way. It causes no distress or irritation—but gives positive action that will give the sufferer natural control.

Every member of your family can be saved from constipation by Kellogg's Bran. Realize what it means to health; understand also its great value as a body-building food! (Kellogg's Bran contains the important mineral salts and many of the vital food elements.) You can make up delicious baking-batches with Kellogg's Bran as well as using it with cereals. How
is
Your
Liver?

Liver Trouble, Biliousness

When you are bilious, you may suffer from sick headache, bad taste in mouth, coated tongue, your eyes often have a yellowish tinge and you probably also have constipation, lack of appetite and other disagreeable symptoms—any of which may show that your liver is out of order.

A remedy once greatly used but now losing its popularity, was calomel, but calomel, in whatever form compounded, always remains calomel, a mineral poison, that should be taken with great care and under a physician's advice, because of the danger of bad after-effects.

That is why so many doctors recommend Thedford's Black-Draught, the vegetable liver medicine, containing no dangerous drugs and free from all mineral poisons.

For over 70 years, Thedford's Black-Draught, has been in constant use and during that time its sale has shown a steady increase, proving that it is a remedy of real merit that gives satisfaction to its thousands of users.

Try Black-Draught. At druggists', price 25 cents a package.

Deauville Scarf Is All the Rage

BY MAHIAN HALE

(Special to The Bee)

THE most distinctive novelty of this season—of a good many seasons, in fact—is the colorful Deauville scarf.

Deauville, as you doubtless know, is the great French summer resort—one of the gayest, one of the most expensive, one of the most fashionable in Europe.

It was at Deauville, you may remember, that King Alfonso of Spain spent a lot of time last season dancing with a number of pretty girls, giving an expensive brooch to each of those he favored thus—making himself so popular, indeed, that this year his advisers said they'd rather he stayed at home—his cutting around had attracted a little too much attention.

For Sports Wear.

Anyway, the Deauville scarf first appeared at this famed resort—originally intended for sports wear.

But it was so much of a success to be limited, in its activities, to any time, place or style of frock, and today it's featured in connection with evening gowns, afternoon attire, house dresses and even kimonos.

It's added pep and dash to the dull costumes women had accepted for business wear and it's relieved the deadly monotony of the collarless neckline.

Naturally there are bound to be variations, so it isn't surprising to find ribbon being used decoratively in a manner which the scarf plainly inspired.

Save Your Frock.

The photographs will give you suggestions that may enable you to save the old frock you'd intended to discard, evolving a snappy Easter costume from it instead, by the purchase of a few yards of ribbon and the expenditure of a little ingenuity. To make the ribbon fachu (lower right) you need three yards of taffeta ribbon, preferably figured, doubled over with a loop knot in the very center and then the doubled pieces stitched together for half a yard, then knotted again. One end is drawn through the loop knot and the other's used to make the bow or knot that ties it.

At the upper left is shown an adjustable drape that may be used about the neck or hips, as you please. To make it, two pieces of ribbon are joined to make a corner—one piece about a yard long with a double knot or loop in it through which the other end, about three-fourths of a yard, slips.

WEARING THE DEAUVILLE SCARF IN A FEW, AMONG THE MANY FASHIONS IN WHICH IT CAN BE DRAPED SO EFFECTIVELY.

The upper right and lower left are fore and aft views of the same arrangement of the scarf. Four pieces of wide ribbon are joined together by double hemstitching or fagotting. The opening formed by the pieces must be large enough to slip easily over the head. Once on, the scarf may be worn as a square or it can be pulled around so that one point comes down in front with both shoulders and the back adorned with the other points. The shoulder points may be knotted or only one point tied. The clever girl can make her own adjustments.

District Attorneys Win Pay Increase

All Such Officers in County as Well as Marshalls to Be Paid on Sliding Scale.

BY GEORGE H. MANNING.

(Washington Correspondent of The Danville Bee)

WASHINGTON, March 9.—Virginia's two United States district attorneys and two marshalls will receive a substantial increase in their salaries on July 1, as a result of the final passage by Congress of a bill providing for increases in the salaries of all United States attorneys and marshalls. The attorney general will fix the new salaries, within the limits prescribed by the bill, which are for attorneys not less than \$8,000 nor more than \$7,500 and for marshalls not less than \$3,000 nor more than \$3,500. Increases or decreases will be based on the amount of business transacted during the four years preceding, and no changes are to be made oftener than once in four years. The bill as passed is a substitute for a former bill which had been in Congress for years, providing for increases in salaries, and attempting to fix the exact salary for each marshal and attorney in the country. In connection with that bill, a report was submitted by the attorney general giving the increases recommended by him.

In this report, submitted in May,

1921, it was proposed that the pay of the district attorney for eastern Virginia be raised from \$4,000 to \$6,500 per year and that of the marshal from \$3,500 to \$4,000. In the western district, the district attorney was to receive an increase from \$4,500 to \$5,500, and the marshal from \$4,000 to \$4,500. The passage of the old bill was blocked time after time by the unwillingness of certain senators to see attorneys or marshalls in other districts receive a greater raise than those in their own states. Virginia members of Congress were heartily in favor of the bill, which has just passed, especially Representative Monaghan, of Richmond, who was a member of the judiciary committee which had charge of the bill. C. C. Smithers of Cape Charles, U. S. marshal in the eastern district of Virginia, has also devoted a great deal of time in working for the passage of the bill.

May Develop Park During the Summer

Lalou Park, which is closed during winter months at sundown will be opened at night and illuminated on May 1st. Park Keeper L. G. McCain announced today. It has been the custom for several years to close the park gates during the winter months at dark. The cost of lighting the city park is a small one. It runs on an average of about \$200 per month. That expense is saved—figuratively—when the park is closed at night. While the city furnishes own power, accounts are rigidly kept just as though power for light was furnished by a private corporation. The city engineer said today that the total cost of lighting the city each year is \$25,000.

Whether the recently donated stretch of territory added to the park will be developed this spring is dependent on what the city council provides in its budget. It is understood, however, that an appropriation will be made available to provide at least one driveway through the new park area.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call it "Joint Ease" because it's for Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, pain racked joints as good as new.

They call this new and wonderful preparation "Joint Ease" because the medical man who turned the trick, worked for years to perfect some powerful remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, distorted or stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lumbago, neuralgia, neuritis, aching muscles, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint Ease." You can use it several times in one evening for quick results. Because it goes right through the skin with only a few seconds' rubbing. It surely is a swift penetrator and when it gets under the skin, it starts right in to clean up all joint trouble.

All druggists dispense it daily for about 60 cents a tube, as do first class druggists everywhere.—adv

Warden's Wife Ill; Respite Is Granted Negro

(By The Associated Press)

RALEIGH, March 9.—Because of the critical illness of the wife of Warden S. J. Busbee, governor Morrison today granted a respite of 30 days to Wiley Perry, negro, who was to have been electrocuted at 10:30 today for the murder of Roy Aiken, young white man of Greensboro. Mrs. Busbee has not been expected to live some time but her condition is reported better today and hope is held for her recovery. The warden and his family have an apartment in the prison building.

William Blair, who has been at Clifton Springs, has returned home, much improved in health.

Elevator In Temple Moves For First Time

One of the elevators in the Masonic Temple was moved under electric power for the first time today. The

elevator is not yet completed but the framework has been erected and a temporary platform was used to haul material to the top floor. The cage will be installed within a few days. The elevator completed is suspended by six stout wire cables. As soon as the elevator now under construction has been finished, workmen will begin work on the second.

Modish Hats for Easter

A wealth of flowers and berries have transformed the new Hats into budding gardens. Brilliant wax flowers, or delicate silken, or metallic ones, sometimes the whole veiled in fragile lace, make them visions of shining loveliness, that remind one of the fact that Easter is here.

SAMUEL R. COLLINS DIES

Samuel R. Collins, 69, passed away last night at 8 o'clock at his home near New Design. He is survived by his widow and six children, four boys, Charles C. Collins, Howard J. Collins, Luther V. Collins and Will W. Collins, and two daughters Mrs. Julius Gutwood and Miss Nora Collins.

The funeral will be held this afternoon at 3 o'clock at the residence, conducted by the Rev. J. Callaway Robertson, assisted by the Rev. Mr. Jones. Interment will be made in the family burial ground.

MRS. ELLA ALLEN PASSES AWAY

Yesterday morning at 8:30 o'clock Mrs. Ella Allen died suddenly of an attack of acute indigestion, but soon rallied and spent a comparatively comfortable night's rest. Early yesterday morning she gave attention to her household affairs as usual, when suddenly she suffered a return of the suffering of the previous night, the family physician was summoned who ministered to her comfort, but soon life was extinct.

Mrs. Allen was a native of Milton, N. C., where she was born sixty-three years ago. She came to Danville, thirty-five years ago to reside. She was one of the organizers of Cabell street Memorial Methodist church of this city and was a faithful and exemplary member of this church and Sunday school. She was sympathetic by nature, her heart ever went out to the less fortunate ones in life, a kind and obliging neighbor, a steadfast friend, a devoted mother of two sons and one daughter, and an affectionate sister of Mrs. Sarah Allen, of this city.

The following children survive the death of their mother:

G. C. Allen, of Charlotte, N. C.; James N. Allen, of Danville and Mrs. Ollie Massenburg, of Roanoke, Va., and a large number of other relatives and family connections.

The passing away of this lady is greatly lamented in the community in which she has resided for a number of years.

The funeral service will be conducted by the Rev. O. B. Newton this afternoon at 4 o'clock at the residence. The interment will be at Green Hill Cemetery.

—Miss Ella Fullington, who has been confined to her home by illness, is out again.

DRAMATIC CLUB WILL PRESENT COMEDY DRAMA

On Monday evening, at 8:30 o'clock, the Dramatic Club of 'Averett College, under the direction of Miss Florence Adams, head of the Department of Expression, will present "Alibi" San Of Old Japan," a comedy drama in two acts. The program will be given in the College Auditorium and the public is cordially invited. There will be no charge for admission.

The play centers around the Princess Abbu San, only daughter of the Emperor, and her jealous cousin, Lady Yu-shih, who plans the abduction of the Princess. In order that she herself may wed the Baron Ito.

The play is full of local color and beautiful scenes, one of which is that of the Annual Chrysanthemum Festival in the In not a Million Welcomes. Comedy is furnished by Miss Dash, an American news writer, and her black mammy, Old Aunt Paradise, who "don't like dis here old Japan" and longs for "Old Virginia."

The music for the play is taken from the opera "Mikado." This is the only play given by the club this year.

THIRTY ALLEGED SPEEDSTERS TO BE TRIED TODAY

Thirty alleged speedsters have been summoned to appear before a full court of magistrates at Scholfield this morning to answer the charge of violating the State traffic laws. Special Officers J. W. Pugh and Ed Hudson caused the thirty to appear and will testify against them. The officers Sunday placed themselves at New Design and other points, it is said, and when they saw a car pass that was, in their opinion, exceeding the speed limit as regards cross roads, the number of the car was taken, and later a summons was served.

The whole proceeding is of a character with that which occurred recently at Chatham, when a host of motorists, alleged to have exceeded the speed limit, were fined.

Magistrates E. H. Dodson and Collier will sit in the cases.

WOMEN OF FIRST BAPTIST CHURCH MEET TODAY

The women of the First Baptist church will hold an all-day meeting at the church today, the session to begin at 10:30 a. m. and last until 3:30 o'clock. The general subject of missions will be the topic of discussion at the meeting. Plans for work among the Indians, development of mountain schools, work among the colored people and church extension, will be discussed generally. Lunch will be served at 12:30 o'clock.

MISSING YOUTH SOUGHT

The Register is in receipt of a letter from Frank L. Hofmann of Brookland, D. C., asking for information about his seventeen year old son, Paul W. Hofmann, who disappeared from home in September, 1922. The circumstances of his disappearance are not given in the letter which is in circular form and which method has been resorted to in an effort to locate the youth.

Annual Members Meeting Y. M. C. A. Held Last Night

The annual meeting of the Danville Young Men's Christian Association was held at the Y. M. C. A. building last night.

President, W. T. Gravely, made his report of the Association's activities for the year. The report was a commendable one, showing a commendable activity along all lines of the Association.

Mr. Gravely also expressed his pleasure at the close cooperation of the Young Men's Christian Association and the Sunday Schools and churches of this community. "Danville is fortunate," said Mr. Gravely, "in having a physical director like Mr. Savage, whose splendid work with the Sunday school, baseball and basketball leagues has attracted favorable attention during the past year."

The nominating committee certified the election of the following directors at the annual election which was held throughout the day yesterday: G. P. Geoghegan, Jr., Henry Roeliger, J. M. Thomas, T. S. Williamson, H. F. Davy, M. H. Pierce and Herbert Ferguson.

TERRA COTTA FOR REGISTER PLANT HAS BEEN SENT

The first shipment of terra cotta for the new Register building on expected to arrive during the coming week, and when it comes, work of placing it will be started immediately. The work of laying the sidewalk around the building will commence in a few days, the forms already have been placed. The Westbrook Elevator Co. has a crew in the building now erecting the elevator. Metal framing for windows and doors will be shipped from New York at an early date. In fact everything is being done to rush the building to completion. It will only be a matter of a short time when the new 32-page press will be erected.

INGRAM CASE TO JURY TODAY

(By The Associated Press)

FLORENCE, S. C., March 8.—The case of Mrs. Eugene Ingram, formerly of Benedict, Md., and Washington, D. C. now of Columbia, who is charged with having written obscene letters to the principals in the wedding in Columbia of Miss Margaret McGregor of Columbia and Thomas Poyle of Sumter, will go to the jury about noon tomorrow. It was announced tonight, after Judge H. A. M. Smith, presiding in federal court here, completed his charge. Arguments for both sides were completed this afternoon.

IS RECOVERING FROM A SKIN GRAFT OPERATION

Mrs. J. W. Stubbs is making satisfactory progress at Edmunds hospital whither she was taken on December 4 to undergo a delicate operation, one involving the grafting of skin taken from one human body and placed over an area seared by burns sustained about eight months ago. As a result of the operation Mrs. Stubbs, whose life at one time was in imminent danger, has been spared and her complete recovery is anticipated. She is now able to be up and move about her room.

Mrs. Stubbs was badly burned about the legs and body. Her condition became such in December that it was deemed imperative to furnish skin for section of her body denuded of it by the flames. At first, it is reported, she would not consent to the operation but she finally did so and her brother, C. K. Whit, offered himself willingly as the person from whom the live skin should be taken. Mr. Whit went to the operating table, was anaesthetized and surgeons removed more than seventy pieces of skin from his body, these being grafted on the body of his sister. The operation appears to have been successful and it is believed that Mrs. Stubbs owes her life to her brother's action in offering the skin.

Amusements NEXT BIG SHOW

"The Cat and The Canary" at The Majestic Next Thursday.

John Willard, the author of "The Cat and The Canary," the famous mystery play that comes to the Majestic Theatre on Thursday March 15, had many clever sketches to his credit before he essayed a three-act melodrama. His first attempt at a full play proved a sensational success and "The Cat and The Canary," which is now being played simultaneously in New York, Chicago, London, Australia and on tour in this country, promises to bring world-wide fame as well as fortune to the young author. Seat sale opens Monday at 10 A. M.

WILL TREAT LAD WHO WAS INJURED BY

Little Johnnie Vaden, age twelve, will be taken to Edmunds Hospital Friday, March 9, for treatment. His hip was injured last June, when a fly, about his own age, threw him backwards with such force as to fracture his hip which has caused considerable trouble. His attending physician, Dr. C. H. Bailey, hopes to give him permanent relief.

DECLARES TRUCK WAS NOT OVERLOADED

Harry Arnstein, whose brother-in-law, O. S. Boaze, was killed when a motor truck collapsed with him near Hillsboro, N. C. last Monday made the statement yesterday that the truck was not overloaded. He said that the truck was not overloaded. He said that the truck was not overloaded. He said that the truck was not overloaded.

In elaborating on the cause of the crash today Mr. Arnstein declared that the two fuses had been discovered in the chassis of the truck.

DANVILLE POST MEETS TONIGHT

The Danville Post of the American Legion will meet tonight at 8 o'clock in the auditorium of the Y. M. C. A. Many matters of importance will come before this meeting and a large attendance is urged. It was announced last night by an officer of the post that the membership of the organization has been doubled as compared to last year and that a great deal more interest is now being taken in Legion affairs by Legion members than heretofore.

Y. M. B. C. MEETING HELD LAST NIGHT

At a meeting of the Young Men's Business Club last night in the rooms of the Chamber of Commerce the matter of closer co-operation between the city and county was discussed. The discussion centered chiefly about education and good roads and how the people of Danville and the county might get together on these two important questions and accomplish much of benefit to all.

The matter of the minstrel show to be held March 26-27 was also discussed at the meeting.

R. E. TOBIN SELLS TO H. E. PHILLIPS

It was learned yesterday that R. E. Tobin, shoe merchant, had sold his business to H. E. Phillips, a shoe man of wide experience, the change to be made immediately.

Mr. Tobin has been in business in Danville for many years and has built up a large and lucrative business by service.

Mr. Phillips plans to devote his best energies toward giving the city and community a shoe service that will be worthy of patronage. The firm will be known as H. E. Phillips and Co.

(b) Such agricultural producers and co-operative corporations or marketing associations, organized in other States under laws generally similar to this act and licensed to do business in this State as hereinabove provided shall be allowed to carry on any proper activities, operations and functions in this State and all contracts which could be made by any association incorporated hereunder, made by or with such co-operative corporations or marketing associations so organized in other States shall be legal and valid and enforceable in this State; and such associations shall be entitled to all of the rights, powers, privileges and remedies set forth in this act.

Market News By Radio Aids Farmer

(By The Associated Press)

WASHINGTON, March 9.—Farmers are making use of the radio in obtaining market reports. Nation-wide, practical use of these reports sent broadcast by the United States Department of Agriculture is indicated in a survey just completed. Nearly 50 per cent of the hundreds of returns to an inquiry sent out by radio were from farmers who had radio receiving equipment. The remainder of the returns were from grain dealers, mills, elevators, banks, telephone companies, cooperative organizations, farm bureaus, and other agencies which disseminate the reports among large groups of farmers.

Greatest interest was shown in the grain market reports, which inform farmers of wheat, corn and oats prices at the leading grain markets. Next in importance came the livestock reports of prices for various reports came next, followed by reports on poultry products, fruits and vegetables, dairy products, hay, cotton, and other farm crops.

Radio had developed more rapidly in the middle west in the corn, wheat and livestock growing regions than in other farm sections, the survey shows. Missouri, Illinois, and Iowa lead in number of responses. Many farmers in this territory own radio equipment and praise the practical value of the service. In other sections farmers congregate at central points to get the radio reports, but an increasing disposition toward installation of sets for private use is indicated.

This is the first survey made by the department to determine how widely its radio market reports are being received and used by farmers, and affords much valuable information for developing the service to the maximum of efficiency. It has been known in a general way that the service has been of value to producers and other agricultural interests in the marketing of crops and to consumers through the regulating of market supplies, but definite data were not available until developed by the present survey.

The department practically covers

the country with its radio market news and farmers everywhere are using the service to add them to conducting the business end of their industry. In the replies numerous farmers gave instances of specific savings resulting from use of the information. One farmer declaring that he regarded radio as a "direct gift from God." Numerous general stores and banks in small towns say that establishment of their places of business as a central point for receiving the reports had resulted in tremendously increased business in many directions. The service has had for reaching results other than removing the isolation which surrounds rural dwellers by reason of their location from centers of activity, and the bringing of vital market data to farmers with almost immeasurable speed.

The survey shows there are now few places in rural districts where people congregate even in small groups that are without the benefits of radio. Agricultural leaders see in this the development of a true community spirit which forms a large part of the base of agricultural prosperity. The Department of Agriculture is much news and is now making plans for the further development and utilization of the service.

South Carolina Votes Pensions For Slaves

COLUMBIA, S. C., Mar. 8.—Faintful Negroes who stood by their masters during the Civil War today were voted pensions by the South Carolina Legislature. The House this afternoon passed the Johnston bill providing pensions which already had passed the Senate, 67 to 34.

The bill provides that slaves who served the State and their masters in the Confederate Army shall be granted pensions under virtually the same conditions as those now paid to Confederate veterans.

NEW ORLEANS, March 8.—The naval stores export corporation, organized by twenty one of the largest producers of naval stores has completed its organization and applied to the Federal Trade Commission for permission to operate under the Webb-Pomerene act. It is to control more than half the exports of naval stores run into \$20,000,000 annually.

PARISH GRAND
JURY CONTINUES
ITS KLAN PROBE

(By The Associated Press)
BASTROP, March 8.—The More-
house Parish grand jury continued
today its investigation of the kidnapping
and slaying of Watt Daniel and
T. F. Richard, the witnesses appearing
included "Doc" Davenport made
captive with the two men near here
last August 24. Of the five men made
prisoners by the masked band Davenport
was the only one unharmed. He
was questioned and permitted to re-
turn home while J. L. Daniel, father
of Watt and W. C. Andrews were
questioned and flogged before being
released. The bodies of young Daniel
and Richard were found in Lake
La Fourche four months later.
All of today's witnesses including J.
W. "Big Jim" Norsemworthy were
among the persons stopped on the Mer-
 Rouge Highway August 24.
Mrs. B. D. Carlisle, who was among
those halted on the road and who testi-
fied that she had recognized "New"
Gray as one of the masked men was
among today's witnesses.

Y. W. C. A. TO GIVE BANQUET

The Young Women's Christian Association is planning a membership banquet to which all the members of the past two years together with the new members are invited. Cards of invitation have been sent to all the old members this week, but new members will not receive a card, because it will be impossible to have the files completed. Before the banquet Friday, March 16th. The association is inviting every member whether old or new to be present at the banquet. The committees in charge are bending every effort to make this one of the largest and most interesting affairs ever given by the Y. W. C. A. Mrs. Raymond Hall, chairman of the hospitality committee and her committee are planning an evening and nutritious repast. Miss Mayde Willis with a committee will plan the decorations and arrangement of tables. St. Patrick, Ireland's patron saint, will afford colorful and artistic shade effects. Mrs. George Geoghegan, Jr., chairman of the program committee has in mind an entertaining program with short speeches of only three minutes and music will enliven the banquet. Y. W. C. A. club girls will add a touch of youthful zest to the program. A membership recognition service in which pledges of allegiance to the ideals and purpose of the Y. W. C. A. will be led by Mrs. Stanley Cunningham, chairman of the membership committee.

Mrs. Archibald D. Keen, president of the association, will preside at the banquet. Tickets for the banquet are on sale at the Y. W. C. A.

No Corns
Just say
Blue-jay
to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in thin plasters. The action is the same.

NORMA TALMADGE'S Manners
By Norma Talmadge
© 1923 by MRS. Service Inc.

SIMPLICITY bespeaks culture; extravagance is the voice of vulgarity. It's natural for a young woman to regard her wedding day as the most important of her life, and to wish to observe it accordingly. But in all arrangements, whether it be in the selection of the trousseau or planning a church ceremony, she should remember that garish ostentation is extremely bad taste. Studied simplicity has more charm.

WEDDINGS.
1: Wedding invitations should be issued not earlier than four weeks, not later than two weeks, before the wedding ceremony.
2: The couple to be married should consult carefully together in making up the invitation list.

FIND STOLEN GOODS HERE

Local police officers have recovered a lot of wearing apparel here, which was alleged to have been stolen in Greensboro. A bundle of clothing was found in a box car at the South station on Tuesday night by L. L. Wilson, special officer for the South station, and the goods were turned over to the police.
The police received a message on Tuesday night from Greensboro asking them to look out for alleged thieves who on that night had entered the residence of Miss Clara Blackburne and escaped with a lot of wearing apparel. A short time later Wilson saw a large bundle in a box car and took it in charge. The name of Miss Blackburne was found on papers found in some of the pockets. No one was found in possession of the goods, consequently no arrests were made. It is thought that the thieves after breaking into the house, caught a northbound freight train, but why they were not in charge of the loot, cannot be accounted for.

CHANGE ON PLANS FOR THE GILLIAM FUNERAL
It was learned yesterday that the body of Edward Gilliam, well known newspaper man, who died Wednesday morning in Boston, Mass., would not be brought to Reidsville, N. C., for burial because Mrs. Gilliam would not be able to stand the long trip. Interment will be made in Boston.

—Little Dorothy, daughter of Mr. and Mrs. Geo. D. Henderson continues quite ill at the home, 773 Main street.

3: The wedding reception must be given by the groom's family.
4: The bride's family bears all expenses of the wedding, except the cost of the marriage license, the bride's bouquet, the wedding ring, the clergyman's fee and gifts to the best man and ushers, which the groom pays.
5: The groom, if wise, will request the bride to select her own wedding ring; it's something which she must wear all her life.
IT'S BAD MANNERS FOR THE groom, no matter how rich, to offer to contribute to the bride's trousseau or to the bride's family's proper part of the wedding expenses.
TOMORROW: Etiquet of wedding gifts.

LITTLE GIRL TO GET \$75,000 WHEN SHE REACHES 21

(By The Associated Press.)
BALTIMORE, Md., March 8.—When little "Rosy Poney", aged five years, celebrates her 21st birthday she will receive \$75,000—possibly more—which is being held for her in trust. Until then she will be known only as "Rosy Poney".
Rosy's real name is known only to her parents, said to be prominent in this city, and Sister Dora, in charge of St. Vincent's Infant Asylum, where the child will remain another year. She then will be sent to another institution to remain until she attains her majority.
Sister Dora declined to reveal the name of the child's parents, or their reason for placing her in the asylum.

FOREIGN COMPETITORS SPREAD BOLL WEEVIL

(By The Associated Press.)
NEW YORK, March 8.—America's cotton crops not only are being ruined by the boll weevil but the pest is being used by foreign competitors as a weapon against the country's supremacy in the industry. Dr. Andrew Soule, president of the Georgia State College of Agriculture and Mechanic Arts, declared in a statement tonight. He warned that unless the business men of the nation took action to remove the menace of crop destruction, it would be too late to relieve the threatening situation.

OF INTEREST HERE.

The following items of local interest appeared in the Richmond Times-Dispatch:
Mrs. Walter Waddill, of Danville, is the guest of her sister, Mrs. Clyde Shepherd. Mrs. Shepherd was before her marriage Miss Mary Swain, of Danville. Mrs. Waddill has been attending the Rotary Convention in Petersburg. She will be in Richmond until the end of this week.

Miss Marian Boatwright and Mrs. Rever-James have just returned to their homes in a stately motor car, after a short stay in Richmond. They were the guests of Mrs. Saunders Williamson while here. Mrs. Williamson was formerly Miss Stuart Holcombe, of Danville.

Corn Chowder
1 can corn
4 cups potatoes
2 inch cube fat salt pork
1 sliced onion
4 cups water
8 crackers
1 1/2 teaspoons salt
1/2 teaspoon pepper
2 cups Libby's Milk

Cut the salt pork into small dice shape, put them in a saucepan over the fire and when some of the fat has fried out add the onion and cook five minutes, stirring that the onion may not burn.
Now the potatoes and the water may be added and the whole should simmer until the potatoes are tender. Then add the corn and Libby's Milk and season with salt and pepper. Bring to the boiling point, add the crackers and serve.

7 1/2 teaspoons of butter fat in every 16 ounce can

Try this new way to enrich foods

You learned from your mother, probably, that when you want to make a soup, for instance, exceptionally good and rich you should use more butter or cream.

Today, that's a pretty expensive way, isn't it?

Try this new way that thousands of women are using. Enrich your foods with Libby's Milk!

It's cow's milk and nothing but cow's milk. Yet when you try it once—see how it transforms some favorite recipe—you'll agree that it's far superior to any milk you've ever used. The reason is this:

7 1/2 teaspoons of butter fat in every can

There are 7 1/2 teaspoons of pure butter fat in every 16 oz. can of this milk. And it's this substance in cream and

butter, you know, that makes them great enrichers.

Libby's Milk is so rich in butter fat because, first, it comes from selected herds in the finest dairy sections of the country—those favored localities where nature has made of shady hills and green, well-watered valleys ideal pasture lands, and where men specialize in raising cows that give exceptionally rich milk.

Then, at our condenseries in the heart of these famous dairy sections, we remove more than half the moisture from this fine milk, making it double rich.

Nothing is added to it; none of its food values taken away. But to bring it safely to you who live, perhaps, many hundreds of miles away we must seal it in air-tight cans and sterilize it.

This, then, is Libby's Milk—just

the finest cow's milk in the land, made double rich!

Have richer dishes—tonight

Get a can of this richer milk from your grocer today. Try it tonight in place of ordinary milk—in a soup for instance, a sauce or dessert. See what wholly new richness it gives to your cooking. And what delicious flavor.

The corn chowder recipe above, from the famous "Boston Cooking School", well illustrates the economy of using this milk in cooking. Not a drop of cream; not a particle of butter called for. But Libby's Milk, you'll find, makes it delightfully rich. Try it.

WHY?

Do you know what causes the carbon on the spark plug that gives you a regular Sunday morning job of cleaning it off before taking the family out for a ride?

HERE'S THE TROUBLE

Oil gets by the piston rings, if the cylinders are not absolutely round, into the combustion chambers and is burned off by ignition, leaving carbon that soon covers the plugs and must be removed to get a hot spark.

Carbon holds heat and often causes poor ignition, resulting in broken piston pins, bent connecting rods of a scored cylinder. The only cure for this as well as all other motor troubles is to have them reground at

ONE DEAD, SIX HURT IN ARMY PLANE CRASH

Private Robert Garamillo (inset) had a miraculous escape from death when the 16-passenger army transport plane, 28 crashed, 2000 feet to earth on rough ground in Brooklyn.

N. Y. Lieutenant Stanley Smith was killed and six other airmen severely injured. Garamillo, seated in the cockpit, alone escaped without injury.

RAIL EARNINGS DOUBLE IN JAN.

(By The Associated Press.)
WASHINGTON, Mar. 8.—Railroad earnings during January were more than twice those in January 1922, according to tabulations of Interstate Commerce Commission reports made public today by the Association of Railway Executives. They amounted to \$50,654,700, against \$23,486,900 last year and represented, the association's statement said, an income of 5.54 per cent. annually on the value of property investment in transportation service.

The return includes practically all the class one carriers, this group including the corporations which own the railroads and the companies which operate them.

"Class one carriers in January reported total operating revenues of

\$500,683,400," the executives' statement said. "This was an increase of approximately 7 per cent. compared with January last year, though incomplete reports indicate an increase in freight traffic alone compared with the same month in 1922 of nearly 33 per cent. Freight traffic in January was the heaviest for that month in the history of railroading. Operating expenses for that month amounted to \$407,616,000 or an increase of 21 per cent. over January of last year."

CHECKS REFUSED

CINCINNATI, O., Mar. 8.—Checks aggregating \$30,000 were on their way back to taxpayers in and around Springfield, Ohio today, having been refused by Internal Revenue Collector Charles M. Dean.

They were sent in as payment on taxable incomes and drawn on the Springfield National Bank, which has closed its doors following the alleged defalcation by its cashier, A. H. Penfield.

CONVICTED OF ROBBERY.

(By The Associated Press.)
WEST PALM BEACH, Fla., Mar. 8.—E. C. Middleton, charged with aiding in the robbery of the Bank of Stuart, Florida, last May when more than \$8,000 is alleged to have been taken, tonight was found guilty after the jury had deliberated less than half an hour.

His counsel made a motion for a new trial and argument on the motion was set for tomorrow. Meanwhile sentence was deferred.

RELEASED ON BOND.

(By The Associated Press.)
NEW YORK, Mar. 8.—Mrs. Annie Buzzi, a divorcee who lived for seven years with Frederick Schneider, wealthy Bronx contractor, today was paroled in \$5,000 bail, in custody of her lawyer, after she had been held for ten days as a material witness in

the murder of her lover. Police reserves were needed to handle the crowd which pressed into Bronx county court when Mrs. Buzzi was led into the room from her cell.

A WOMAN'S WAY

"I tried for four months to get my wife to try May's Wonderful Remedy which I know had helped a friend of mine who also suffered from stomach trouble. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practical ailments, including appendicitis. One dose will convince or money refunded. J. C. McFall's Drug Store and druggists everywhere.—adv.

BRITISH PROTEST AGAINST ACTION OF FRANCE NOW

(By The Associated Press.)
LONDON, March 8.—It has been reported that the British government has informally protested on legal grounds against the French occupation of territory between the Rhine bridgeheads. It is learned authoritatively, however, that no formal protest has been made but only verbal representation through diplomatic channels pointing out the difficulties created for the British authorities in the Rhineland.

The Cologne Chamber of Commerce has sent a long letter of protest to Colonel Joseph Wedgwood, member of the House of Commons, who is opposed to the interference with British trade interests caused by the French action. The letter suggests that the British government "certain concessions" which might be obtained from the French and Belgian governments for the purpose of facilitating British trade and preventing grave losses to British manufacturers and merchants.

"GRAND TO HAVE YOUR HEALTH" says Mrs. Jenny Evans, of Portraits. "I have appreciated our health until we lost it. Mrs. Evans worked in a factory, but owing to a weakness and pains in her back she was forced to give up work. She says: 'A friend recommended Lydia E. Pinkham's Vegetable Compound and it made me well. It is grand to have your health to feel well all the time and to go around like other women without that awful torture of female troubles.' Women who are suffering from such troubles should remember that Lydia E. Pinkham's Vegetable Compound is the tried and true medicine, now recognized everywhere as the standard remedy for female ills.—adv.

Great For Bad Coughs and Colds

Make Your Own Medicine and Have the Best There Is.

You'll Say It's Good When All Mucus Disappears and Clean Healthy Mucous Membrane Is Returned.

Here is a inexpensive home made remedy that you can't beat and one that will quickly bring up that phlegm, stop the sneezing, relieve the clogged nostrils, make breathing easy, and cause stubborn colds and persistent coughs to vacate—many times over night.

Try it right away if you suffer from Catarrh, Chest Colds or any irritating nose or throat troubles and you'll be glad you ran across this little bit of advice.

Get from any druggist, one ounce of Parmit (double strength) add to it a little sugar and enough water to make one half pint. You can make it in two minutes and when it is mixed you can pride yourself on having a medicine that acts directly on the membrane of the nose and throat and acts so effectively that all phlegm, all tickling and inflammation speedily disappears.—adv.

Laxatives Replaced By the Use of Nujol

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication. Try it today.

WOODRUM OFFERS SERVICES TO THE SHRINERS OF VA.

BY GEORGE H. MANNING

WASHINGTON, Mar. 8.—Representative Clifton A. Woodrum, of Roanoke, the new member from the Sixth district today got in touch with the Washington Shriners headquarters, having charge of the arrangements for the meeting there on June 5, 6, and 7th, of the Imperial Council of the Mystic Shrine, and offered his services in any way that he can be useful to the many thousands of Virginia Shriners who will visit the National Capital in June.

Judge Woodrum, who is the past potentate of Kazim Temple in Roanoke, will extend an invitation to the Roanoke Shriners and the Shriners all over Virginia to make his office at the Capitol their headquarters while they are here.

About 600,000 Mystic Shriners are expected to visit Washington in June. Many thousands will come in automobiles and camp in the parks as un-camp tourists. Congress has granted authority for them to park their cars and sleep in the parks while they are here.

Very plainly thousands and thousands will be unable to obtain sleeping quarters in the hotels or rooming houses and will be compelled to sleep at night whenever they can find a comfortable spot.

Judge Woodrum suggests that one way he can be of service is to make his office the headquarters for thousands of Virginians lacking accommodations so that they may have some common meeting place and a point from which to secure their mail.

MRS. CORDES IS FREED BY JURY

(By The Associated Press.)

ALEXANDRIA, Va., Mar. 8.—Mrs. Elizabeth Cordes, charged with the murder of a husband, was freed today by a jury in a Washington hospital. She was acquitted by a jury in a Washington hospital. She was acquitted by a jury in a Washington hospital.

WOMAN, 91 YEARS OLD, TAKES TROPHY AT BALL

CHICAGO, Mar. 8.—Although 91 years old and great-grandmother of three, Mrs. Ernestine Apfel, of Chicago, recently made the youngsters take a back seat, while she captured a prize at a costume ball held here. Mrs. Apfel, attired in a regumfin hoodlark's outfit, took first prize. And other visitors at the ball declared Mrs. Apfel was entitled to the first prize for "pop." She appeared at the dance at 8:15 and remained until midnight, dancing all but one dance.

HERRIN TRIAL HALTED

(By The Associated Press.)
MARION, Ill., Mar. 8.—Attorneys prepared tonight for the resumption of the second Herrin trial, which was halted suddenly today by the illness of the wife of Juror Nathan Barnes, a farmer, in a census section of the county. Barnes was taken to the bedside of his wife by a deputy sheriff, the other eleven jurors being held in close confinement in their quarters in the jail.

SMOKER MIXES BULL AND BULLETS: PIPE EXPLODES

RICE LAKE, Wis., Mar. 8.—You can't mix Bull with bullets and expect a nice, cool, quiet smoke. Charles Meyer, Jr., of this city, will attest to this. Meyer carried his Bull Durham pipe in a pocket in which he had ammunition for a .22 calibre rifle. He dipped out a handful of Bull and bullets and packed it in his pipe. A bullet tore a hole through his coat and convinced him there is nothing in this smokeless powder talk.

MAN LIVES WITH BULLET IN HEART

BIRKIN, March 8.—Charged with embezzlement, there recently appeared in a Berlin court a former German soldier whom a surgeon described as a medical phenomenon. While having a heart from a bullet entered the man's heart while it was contracting and remains there to this day, moving in exact rhythm with the contraction and expansion of the heart. Had the man been hit half a second later, when the heart was expanded, said the physician, instantaneous death would have been inevitable.

Secret Service Workers Grab Bad Money Ring

Operators Become Members of Gang, Are Arrested With 25 Taken in Counterfeit Raid.

NEW YORK, March 8.—The courage and skill at disguise of two Secret Service agents, who had worked and thus closely associated with a band of alleged counterfeiters for several months until they brought about the arrest of twenty-seven prisoners, including themselves, was disclosed this afternoon in the arrangement of two supposed leaders of the counterfeit ring before United States Commissioner Litchcock.

Known as Good Men. The two Secret Service men were Gabriele Difore and George H. Harris. The gang didn't know it was these names, but it was known to the agents and Thomas Jackson, a good man, and ready to take a chance, whatever it might be.

On the records of the Treasury department, the names of these two Secret Service agents were listed as having been taken prisoners in a raid on the restaurant of John Decca in New York city.

Incidentally, the two Secret Service agents were not the only ones who were taken prisoners in the raid. A number of other persons were taken prisoners in the raid, including a number of persons who were taken prisoners in the raid. The raid on Decca's place yielded \$100,000 in counterfeit bills. The prisoners arrested this afternoon were Enrico Shtetino and Salvatore Esposito. They were indicted.

Good Morning Judge!

Judging from the large number of negroes arraigned in the police court this morning for loitering on the street, police officers on yesterday seem to have waged a campaign against alleged street loafers who persist in this practice. Fines of five dollars and costs were imposed on James Jamison, Henry Pinkard, Harvey Morton, while Bud Williamson, Henry Henderson, Ezekiel Slade were not present to answer charges. The case against Mose Willis was held up pending disposition of a liquor charge in the corporation court. Russell Blackwell admitted that he did not work on Danville but that he conducted his business elsewhere, in Kentucky at present. Blackwell stated that he is here on a visit and intended leaving about the middle of the month. His case was set for the sixteenth and the accused was informed that he need not wait over for trial, for if he was not present he certainly would not be sent for. Robert Lewis was given ten days' grace, to be dealt with at the end of that time if he did not have a job.

George Leean, colored, is said to have rounded a corner with an auto too fast and drew a fine of ten dollars and costs.

V. D. Lovelace was fined twenty-one dollars and costs for speeding, and after making a settlement left for school where he also faced a charge for going too fast in the county.

The case of Herbert Corbett, colored, better known as "Ground Hog," charged with highway robbery, was continued until tomorrow, because of the absence of witnesses for the defense. Corbett is alleged to have been one of two negroes who held up E. L. Lester several nights ago at the point of a pistol and robbed him of about seven dollars, however, leaving about forty dollars in another pocket overhauled. Lester is said to have identified Corbett as one of the men, but the negro claims he can produce witnesses to prove he was elsewhere on the night in question.

STOCK MARKET.

(By The Associated Press.) NEW YORK, March 9.—Opening prices in today's stock market were again irregular as the market continued to adjust its weaker technical position. Early changes were trivial with gains and losses evenly divided. Oils and equipments were in moderate demand but heaviness was seen in copper.

ICE FIELDS ARE MOVING IN THE LANES OF SHIPS

(By The Associated Press)
WASHINGTON, March 8.—Gradual movement of large ice fields towards the North Atlantic steamship lanes is reported in dispatches received by the government ice patrol. The situation has not yet reached the stage, however, where officials consider it warrants more than the routine warning.

The coast guard cutter Seneca sailed from New York today to patrol off the Grand Banks.

SPRAYING SPUDS HELPS YIELD

SWANNAPOA, N. C., March 8.—Experiments conducted at the Mountain Branch Experiment Station, near here, show conclusively that spraying Irish potatoes with a poisoned Bordeaux mixture four or five times during the growing season will increase the yield over unsprayed potatoes by thirty-three per cent, according to an announcement by Dr. R. W. Leiby.

With Superintendent S. C. Clapp, of the Mountain Branch Station, Dr. Leiby has carried on tests for the control of the potato beetle, flea beetles and blight, on late potatoes for the past nine years. He has urged growers of western North Carolina to secure adequate spraying equipment and materials at an early date.

These tests show that the yield per acre for the nine-year period on the sprayed potatoes has averaged 67 bushels more than that of the unsprayed potatoes. The average yield secured in the tests for the sprayed potatoes has averaged 172 bushels per acre, while that of the unsprayed was only 105 bushels per acre.

"In the course of the experiments," said Dr. Leiby, "many combinations of Bordeaux mixture and several commercial Bordeaux preparations have been tried out. Tests also have been made in which the Bordeaux without the poison was used. In all, the home-made poisoned Bordeaux mixture, consisting of three pounds of powdered arsenate of lead to each 50 gallons of water, has proven to be the most satisfactory."

This mixture should be applied four or five times during the season, using preferably a barrel spray pump, fitted with two leads of hose to apply the mixture. This spray outfit can be mounted upon a light wagon," he said.

\$75,000 IN GEMS STOLEN.
(By The Associated Press)
SARASOTA, Fla., Mar. 8.—The winter residence here of R. C. Caples, of Chicago, was entered and robbed of \$75,000 worth of diamonds and other jewelry sometime last night, authorities said tonight. No clue has been discovered.

"I Could Be Pretty, But—"
An appeal and a secret

"I THINK I could be pretty, but my hair makes me just common-place. It is the kind of brown hair that isn't even a good brown. It's just hair. It never catches anyone's eye. Is there any way I can make it attractive without dyeing it?"

—Vivian L.

HERE is the secret of hair beauty—a touch of henna in the shampoo. Women of fashion demand it of their hairdressers. A touch of henna, properly prepared, will give your hair its own richest color. It will add the right note of radiance to your personality. You can have a "touch of henna shampoo" at home for a fraction of the price the society woman pays.

HENNAFOAM Shampoo contains that touch of henna, in just the right quantity, scientifically prepared and blended with cleansing, health-giving vegetable oils. HENNAFOAM hides the hidden lights in every woman's hair—be it blonde, brown or brunette—that make it the most subtly alluring of her charms.

Have You Tried Them from your modern bakers' ovens.

—These big, brown loaves of "old-fashioned" full-fruited raisin bread? Note the raisin flavor that permeates these loaves. Count the big, plump, tender, juicy raisins in each slice. It's real raisin bread—the kind you're looking for. Ready-baked to save baking at home. Delicious and convenient—and economical in cost. We've arranged with bakers in almost every town and city to bake this full-fruited raisin bread. Order from your grocer or a neighborhood bake shop.

Say you want the bread that's made with Sun-Maid Raisins. Good raisin bread is a rare combination of the benefits of nutritious cereal and fruit—both good and good for you, so serve it at least twice a week. Use more raisins in your cakes, puddings, etc. You may be offered other brands that you know less well than Sun-Maid's, but the kind you want is the kind you know is good. Insist, therefore, on Sun-Maid brand. They cost no more than ordinary raisins. Mail coupon for free book of tested Sun-Maid recipes.

REPORT IS DENIED

(By The Associated Press)
WINSTON SALEM, N. C., Mar. 8.—The report printed in a New York City newspaper today that the P. H. Hanes Knitting Company of this city and five New York mills were to be combined in a \$25,000,000 corporation was denied at the offices of the Hanes Company here.

MYSTERY OF TEN CASES OF RUM IS NOW SOLVED

(By The Associated Press)
NEW YORK, March 8.—The mystery of ten cases of liquor, which apparently have been drifting about in the best bootlegging circles of New York and Washington for several months without ever finding an ultimate customer, was partly solved tonight.

The liquor was seized in an exclusive apartment house by Washington police. It bore labels indicating that it was part of evidence taken in a \$20,000 seizure by New York police in April, 1922, when they raided a restaurant owned by Timothy Shine.

"It was Shine himself who shed light upon the situation tonight, removing any suspicion of claims from the New York police. He said the liquor had been seized and held in a police warehouse until October of last year when he was acquitted of violating the New York state prohibition law. It was then returned to him under a Supreme Court order.

Shine said he had sent a motor truck to the police warehouse, where he supervised the loading of the liquor and then returned to his restaurant in his own automobile. Half an hour later, he said, the driver of the truck arrived with the news that armed bandits had stopped the truck and pilfered fifteen cases of the liquor. The driver declared that the men drove away in an automobile. The restaurant man said he did not report the robbery to the police.

"I was very much surprised to learn that the liquor was found in Washington," he said.

FACES OF TWO YOUNG BOYS ARE SHOT AWAY

POLITICAL LINES WILL BE DRAWN ON KU KLUX KLAN

(By The Associated Press)
NEW YORK, March 8.—Political lines in Louisiana in 1924 will be drawn strictly on Ku Klux Klan issues, Governor John M. Parker predicted today. The Louisiana executive declared, however, that the Klan was rapidly losing strength as a result of the Mer Rouge murders and subsequent investigation involving the organization, and that "all thinking men and good men" are resigning.

Governor Parker came here to attend a reunion tonight of war time state food administrators.

Skin Ablaze with Eczema Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells. S. S. S. builds the red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you eczema suffered, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digesting torture and its scorching, unbearable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-plants of nature! S. S. S. builds them by the millions! It has been doing it since 1828! S. S. S. is one of the greatest blood cell builders, blood-purifiers and blood-builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in well soon I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

MARRIAGE MART FAILS.
ELYRIA, Ohio, Mar. 8.—The Lorain county marriage mart has collapsed. There have been no nuptials for five days. The license clerk, however, voiced belief that Sunday night "spoonings" soon will result in renewal of nuptial activities.

TOUGH ON POLITICIANS.
LIMA, Ohio, Mar. 8.—Predicting the greatest epidemic of influenza and pneumonia this month that has swept the nation in years, Dr. John J. Suter, Allen county, has urged a ban placed on handshaking in public. He advised, also, that the hands be kept away from the mouth and nose.

TEEGERSTROM BEFORE JURY

(By The Associated Press)
BASTROP, La., March 8.—Harold Teegerstrom appeared before the Morehouse Parish grand jury late today. The twenty-year-old boy time keeper at the plant of the Southern Carbon Company at Bayou, one of the most important figures in the state's investigation into the activities of masked men in the parish, came to Bastrop unannounced and not until after the grand jury adjourned for the day that it became known Teeger-

strom had testified. The jury did not complete his examination and he will be recalled tomorrow as the first witness.

BALANCE AUTHORIZED
PARIS, Mar. 8.—The Chamber of Deputies today authorized Finance Minister De Lasteyrie to balance the budget by the issuance of treasury bonds to approximate amount of 1,400,000,000 francs.

LONDON, March 8.—The estimates for the upkeep of England's aerial forces for the fiscal year 1923-24, announced today show a gross total of 18,605,000 p. s.

Every Frock Has a
Story All Its Own

The painted rocks of Gitchie Gumie had nothing on the new spring silks. They're all decorated with pictures, and every picture tells a story. They're hieroglyphics, that is to say, and those old hieroglyphics, as everybody knows, meant things. A picture stood for a word, or a lot of words, and people who are skilled in reading them can figure these meanings out. To be sure, the meaning may not amount to much. The pictures copied, for instance, from the ancient Persian prints generally have some such significance as:

"This piece of goods was made by John Smith, or whatever the ancient Persian artificer's name happened to be."

But it's different with the old Russian and Hindu and especially the very old Egyptian prints—copies of them, of course.

Good beasts and men ramble all over these silken surfaces in epic journeyings, and frequently, in the case of the Egyptian stuff, to one who understands them, these picturings make good sense.

Suppose, for example, a society woman, richly gowned in one of these Egyptian silks, chances to meet a learned Egyptologist—the latter will be able to take a look and then read her dress right off.

This sort of thing promises to be so weird and exciting that there's expected to be little demand for plain silks, even in the most ravishing colors.

A feeble attempt's being made to popularize single-color prints on white backgrounds, but they're not making much of a hit—much too tame and respectable. In comparison with the Turkish-Amen patterns the coming season's to behold.

U. S. GENERAL STUDYING
MILITARY IN HONOLULU

HONOLULU, Mar. 8.—Prior is going to China to take command of the reorganized American forces at Tientsin. Brigadier-General William O. Connor, U. S. A., is spending two months in Hawaii, studying the military situation here. General Connor arrived here recently on the army transport Chaumont, coming direct from New York. While here he will study every phase of army activity in Hawaii. He will leave for the Orient to assume command of his post some time in March.

NORTH CAROLINA

PROTECT BIRDS

OCRA COKE, N. C., Mar. 8.—North Carolina, the home of Simie ONCE and other great hunters, has been obeying the law insofar as the Migratory-Bird Treaty Act and Regulations are concerned, according to official information from Washington. "As evidence of the increased seriousness with which violations of the Migratory-Bird Act and Regulations are being regarded by Federal courts, it is pointed out by the United States Department of Agriculture that during January, reports reaching the Bureau of Biological Survey indicating fines of \$100 each assessed in ten cases," reads a bulletin. "In two of these, the defendant were required to pay court costs in addition. Nine of the ten fines were imposed in January and the other in December."

Four states were included, five violations representing in convictions in Louisiana; two in Illinois; two in Mississippi and one in Wisconsin. The offenses involving the possession of wild ducks in close season, sale of wild ducks and killing wood ducks, woodcocks and wild ducks during the close season. Although, there were 100 cases of violation of the migratory act and regulations in January. In addition to the cases noted, a Maine hunter was fined \$25 for killing ducks after sunset, and there were seven cases where the fine was \$25 and costs for killing ducks, grebes, sandpipers, or insectivorous birds. Some cases sometimes exceeding the fine, were imposed for killing night hawks (or bull bats) bitterns, turnstones, knots, godwits, gulls, thrushes, gallinules, grebes, flickers, robins, woodpeckers and doves, and for possessing a night heron.

TIME AND PLACE

OF NEW MEETING

(By The Associated Press)
PARIS, Mar. 8.—The time and place for the proposed new conference to conclude the work of making peace in the Near East, left unfinished at Lausanne, have not yet been fixed, but the French government, it is stated, will do everything possible to facilitate the holding of such a conference, provided there is no attempt to undertake a change in the basic ideas of the treaty framed at Lausanne. Meanwhile, it is pointed out, recognition must be given the fact that the Turkish government has achieved a difficult task in obtaining from the Angora parliament a vote of confidence and the practical approval of the majority of the clauses in the Lausanne treaty draft.

HAMM IS OCCUPIED
(By The Associated Press)
BERLIN, March 8.—The newspaper Germania reports that the French have occupied the railway station of Hamm, an important junction of the main railroad line between Essen and Berlin.

PACKING HOUSE PRODUCTS
CHICAGO, March 8.—Trade in packing house products has slumped somewhat after a temporary revival. The effect of the Lenten season is felt in a modified demand for provisions today.

COAL
WILKESBARE, Pa., March 8.—Anthracite production is today running every steadily at the rate of about 2,000,000 tons a week.

FARRELL, Pa., March 8.—Negroes from the south are being brought here today to relieve the labor shortage. They will be placed in the coke plant of the Carnegie Steel company.

ONLY THREE-PIECE MODELS

(Special to The Bee)

THE Spring openings of famous Parisian couturieres have news of interest to women everywhere.

The fullness of a gown continues to be placed at the front and sides; the waistline is slightly higher, but doesn't reach the normal waistline even yet; the straight silhouette di-

vides honors with circular and bouffant outlines.

All suits are three-piece models. Fiton, box and cape-back jackets are the most popular styles for suit coats. Skirts are slightly fuller and frequently circular. The accompanying blouses are of plain or printed silk and frequently feature jabot trim-

ming.

You'll Want a New Tailored Suit

Just four weeks off, but plenty of time to have that suit made to your individual requirements. Our New Spring Woolens offer many valuable suggestions.

We do only high-class tailoring and when quality is considered you will find our prices very reasonable.

A PUZZLE A DAY

POWKI
HULDA
HAWAII

A certain tribe of native Hawaiians, it is said, used the words "Powki Hulda" to designate the islands upon which they lived. The two words are composed of ten different letters. Each letter was used to represent a different figure. "L" for example, might mean "7." "P" might mean "3." Thus POWKI and HULDA each are numbers of five figures. An explorer added these two numbers together, and strangely enough, found that their total spelled HAWAII. Can you discover what figure each letter stands for?

Yesterday's answer:

If two boys each had several marbles, and if the first, by giving one marble to the second, would equal the number each had; or the second, by giving one to the first, would make the number of the first boy's marbles twice the number of the second boy's; then the first boy must have had seven marbles, and the second boy five.

Thousands Cheered When He Defied Death; Mourned by Only Ten

NEW YORK, March 8.—Thousands have cheered as Harry "Spider" Young, professional stunt performer and "human fly," scaled fronts of tall buildings. Thousands saw his death plunge, Monday, from the tenth floor of the Hotel Marlborough, Broadway and 30th street, during a publicity climb. Yet only ten persons attended his funeral yesterday afternoon, and only two floral offerings were sent.

The funeral was held from the Campbell Funeral Church, Broadway and 66th street. His wife, Ruth, who saw him fall and Young's eight, and former manager, Howard, eight, and Clifford, five, were the only members of his family present. The Rev. George Russell of the Lutheran church of the Puritans, conducted a brief service. There was no eulogy, just a prayer.

Of Young's friends, two men who make their living as human flies, attended. One of them, George "Barnes" Young, with tears in his eyes, told how he had taught "Spider" Young his dangerous trade. The other was Peter J. Curtis, twenty-one, an airplane stunt performer.

The body was placed in a flag-draped coffin as a tribute to the work Young did for Red Cross drives during the war. Mrs. Young and her step-sons were the only persons who saw Young go to his last resting place in Evergreen cemetery.

FAMOUS CARY HOMESTEAD SOLD

CINCINNATI, March 8.—The Cary Homestead has been sold.

The home, famous as the birthplace of the Cary sisters—Alice and Phoebe—who attained recognition for their verse and prose, will be renovated and opened as a tea shop.

The old home was but one and a half stories high and without the slightest pretensions of architectural beauty. It was situated on a 24-acre tract of land—just part of the original holdings of the Cary family, whose lineage date back to members of the Pilgrim expedition. The homestead has for years been the gathering place of those who admired the works of the two sisters.

Alice, in the early part of her career wrote the verse "homestead" the first stanza of which follows:

Our old brown Homestead reared its wall
From the wayside dust aloof.
Where the apple boughs could almost cast

Their fruits upon its roof;
And the cherry tree so near it grew
That when awake I've lain
In the lonesome nights, I've heard the limbs

As they creaked against the pane;
And those orchard trees, O! those orchard trees.

I've seen my little brothers rocked in their tops by summer breeze.
The sisters were constant companions and never parted. They died in 1871, Alice at the age of 51 and Phoebe at 47. They are buried in New York.

JOKER ALMOST KILLS VICTIM

(By The Associated Press)
PATTERSON, N. J., Mar. 8.—Glas. Diagona, 18-year-old bank clerk, was taken from the safety deposit vault of the Peoples Park Trust Company, shortly after 10 o'clock tonight, after being locked in the vault five hours as a result of a joke on the part of a fellow bank clerk, William Templeton.

Diagona, taken to the General Hospital, Patterson, was speechless after he became conscious. Physicians believe he will recover.

Forty men worked with sledge, electric drills and acetylene torches five hours and half before an opening fifteen inches in diameter was made in the roof of the vault, through which was lowered Dr. Irving Newman of the General Hospital. He found Diagona alive and semi-conscious. Jacob Kushner and Fireman James Kelly also got down into the vault, and Mr. Kushner, with a key which fitted the time lock from inside the vault, opened the door.

KIDNAPPERS ARE FINED \$200 EACH

(By The Associated Press)
ROCKY MOUNT, N. C., March 8.—F. Wilson, R. N. Barnes, John Carberry, Hugh Clark and W. C. C. defendants in the case growing out of the alleged kidnapping of thirteen Atlantic Coast Line Railway guards at the South Rocky Mount shops last July were fined \$200 each by Judge Kerr in Federal Superior Court at Tarboro late today. They submitted to the charge of assault and battery.
